

Matador

Put yourself out there.

What started as a pocket-sized blanket that unfolds to seat 4 became a passion for designing and developing packable adventure gear. It's a totally new category that we're introducing to the world. Our mission is to make your travels and adventures more convenient through high quality packable gear.

Matador Pocket Blanket

SKU#: MATL001GR
U.P.C. #: 867702000000

Matador Droplet

SKU#: MATDRS001B
U.P.C. #: 867702000024
HTS Code: 4202.92.3031

Droplet Wet Bag from Matador; Protect wet stuff from dry stuff. Perfect for swimmers, boaters, beach goers, travelers, gym rats, and parents, the Droplet Dry bag will keep water in or out depending on your needs. Put your wet swimsuit or sweaty gym clothes in it to keep everything else dry. Or store your wallet and cell phone in it at the pool to make sure they don't get wet. Droplet is the most compact and convenient dry bag on the market. The molded silicone rubber container makes Droplet perfect for a keychain or zipper pull. The compact size and attractive look makes Droplet ideal for everyday carry, so it's always there when you want it. Droplet's 3 liter capacity is enough to hold two swimsuits, goggles and swim caps. Hand wash with mild detergent, hang dry.

Matador™ Beast28 Technical Backpack

SKU#: MATBE28001G
U.P.C. #: 867702000086
HTS Code: 4202.92.00

Matador Beast28. Weighing in under 19oz, this pack provides serious space and organization for a day trip, but packs down and away into the included compression bag for storage and travel. Made of the finest materials, hardware, and construction available: water resistant, coated ripstop nylon, YKK® zippers, Nifco® hardware and durable nylon straps. The two-way wrap around zipper lets you access the main compartment from top or bottom, while adjustable chest and waist straps keep the Beast28 comfortable no matter the contents. Multiple, expandable external pockets, attachment points, and dual Molle gear straps allow for additional storage.

Beast28 also features an internal pocket for a water bladder with integrated hangers and hose routing, which make it easy to turn it into a hydration pack. This daypack is the real deal for covering serious ground, whether it be on the trail or on a far-flung adventure.
